MILLER v. WOODS
IN-HOME SUPPORTIVE SERVICES (IHSS)
CASE MANAGEMENT, INFORMATION AND
PAYROLLING SYSTEM (CMIPS) INSTRUCTIONS

INTRODUCTION

The following information is provided to facilitate the use of CMIPS in processing reopened Miller v. Woods I (Miller I) and Miller v. Woods II (Miller II) claims. Those parts of the claim process which are automated include:

- o Eligibility Determination Worksheet printouts;
- o Notice of Action (NOA) with "boilerplate" messages including blanks which workers will fill in;
- o Generation of payments to claimants including:
 - withholding of employee/employer taxes when appropriate,
 - notifications of monies paid to the claimants at the end of the year through a W2 (Wage and Tax Statement) and/or a 1099-INT (Statement for Recipients of Interest Income);
- o County (CWD) and State (SDSS) reports.

All Miller II and Miller I-Reopened claims must be processed through an IHSS recipient name and case number. If there is no open or discontinued case record file, a new case record number and file must be established. All documents, including CMIPS documents, must be kept in one case record file.

MILLER I-REOPENED CLAIMS

EDS will send to each affected CWD a listing that identifies each Miller I-Reopened claim by recipient/applicant and/or provider name, case number, address(es) including telephone number(s), original claim filing date and a history of the NOA's issued. The information that was key entered on the CMIPS Miller I recipient/provider judgment screen(s), RCPJ/PRVJ, will be copied over to the Miller II judgment recipient/provider screen(s), MIIR/MIIP respectively.

The CWD will begin processing the Miller I claims immediately upon notification that the claims have been reopened. The Miller I-Reopened claim will be processed by the CWDs as Miller II applications and will determine under the Miller II regulations (MPP 50-018) the claimant's eligibility for both retroactive/interest payment and underpayment.

Miller I claimants, except those claims SDSS are reopening, who submit a claim in Miller II will be denied retroactive/interest payment eligibility but will receive an eligibility determination for underpayment.

During the first implementation of the Miller v. Woods judgment some claims were denied solely because the claim was received after the end of the claim period. As part of the implementation of the Miller II judgment, SDSS will have Electronic Data System (EDS) reopen the claims denied in Miller I solely because the claim was received after the end of the claim period, March 9, 1989 and before October 1, 1993. SDSS will also have EDS send a NOA (Reason Code M090 or M190), to the claimant, which will state the reason for the reopening and will request the claimant to complete either the attached Miller v. Woods or the WRO v. McMahon Standard Claim Form, but only if the claimant desires to make a claim for underpayment. These individuals will not need to file another claim for payment under Miller II.

It is anticipated that some of the Miller I-Reopen NOAs will be returned to SDSS as undeliverable. As undeliverable NOA's are received in SDSS, a floppy disc of the claimant's name and case number will be prepared and sent to EDS. EDS will create a tape that will be sent to TRW Credit, Inc. who will either prepare a mailing label with a different address or a list of those individuals for whom they do not prepare a mailing label. Both the mailing labels and the list will be sent to SDSS. SDSS will remail the reopen NOAs and both the Miller II and WRO Standard Claim Forms. The list and those remailings that are again returned to SDSS as undeliverable will be sent to the appropriate CWD.

Upon receipt of the returned envelopes, the CWD will check their files for an updated address. If an updated address is on file, the CWD will mail the NOA and both the Miller II and WRO Standard Claim Forms to the claimant. If the CWD mailing is returned as undeliverable or if the CWD does not have an updated address on file, the CWD will prepare and mail a NOA of denial, REASON CODE: M091 or M191, as prescribed in MPP 50-018.63.

CMIPS will provide monthly reports on the status of each Miller I claim reopened as a result of being denied due to receipt by the CWD after the end of the Miller I claim period.

MILLER II CLAIMS

SDSS will have individual notices mailed to all providers who lived at the same address as the recipient from January 1, 1980 through November 1988. It is anticipated that some of these notices will be returned as undeliverable. As undeliverables are received at the Franchise Tax Board they will prepare two tapes each week listing the name, address and social security number of the potential Miller II claimant. The tapes will be sent to TRW Credit, Inc. who will match the names against their data base and prepare a mailing label for each address that is different from the address on the tape. TRW Credit, Inc. will mail an explanatory flyer and a Miller v. Woods Standard Claim Form to each claimant for whom a different address label is generated.

SDSS will send both notices, those that are returned as undeliverable from the remailing and those for which a different address was not found, for confidential destruction.

CMIPS SOC 293 and SOC 311

Some fields on the CMIPS forms, SOC 293 and SOC 311, will have different definitions and/or codes than what is currently used. The field-by-field descriptions (attached) and CMIPS instructions below will assist (CWD) staff in processing both Miller II and Miller I-Reopened claim forms. If the claim form is complete, the CWD will continue to process it. Complete only the SOC 293 for recipient/applicant claimants and complete both the SOC 293 and SOC 311 if the claimant is a provider.

After completing the SOC 293 and/or 311, key enter this information on the CMIPS Miller II judgment screen(s), Recipient Retropayment Claim Screen (MIIR) and/or the Provider Retropayment Screen (MIIP) - see the facsimiles of the screens and complete field-by-field descriptions attached.

The Miller I claims that were denied, during the first implementation, solely for the reason that the claim was received after the end of the claim period will be reopened by EDS for processing by CWD staff. The information that was key entered on the CMIPS Miller I judgment screen(s), RCPJ and/or PRVJ, will be copied over to the Miller II judgment screen(s), MIIR and/or MIIP respectively.

Facsimiles of the forms are marked to indicate which fields to complete:

The SOC 293 In-Home Supportive Services Assessment form will be used to collect all the data on the recipient/applicant and guardian if one is involved. This information is to be entered on the MIIR screen. This screen will generate a Notice of Action (NOA) and payment address as well as the Standard and Supplemental Claim Form dates.

The SOC 311 In-Home Supportive Services Provider Eligibility Update form shall be used to collect all the data on the provider. This information is to be entered on the MIIP screen which will generate NOAs and payment address, tax indicator, Standard and Supplemental Claim form dates and the relationship of the provider to the recipient/applicant.

When submitting a Miller claim, some people may be applying for IHSS. If there is no active case except for processing a Miller claim, the CWD can process the usual SOC 293 but you must change the status to do so.

- o on the MIIR screen, in a change (C) mode (using the second line in the top left hand corner - NEXT) enter one of the following codes E, I or R in status field (F1)
- o status M will not change to E, I or R on the MIIR screen but you can move to the RELA screen
- o while in the RELA, RELB and RELC, enter the usual additional applicant information; you will now have an active IHSS case as well as a Miller case.

INTERCOUNTY TRANSFERS

When transferring a claim the first CWD will:

- o send a photocopy of the claim to each CWD affected;
- o generate and send a photocopy of the NOA to each CWD affected; and
- o send a "County Claims Transfer" NOA to the claimant, within 10 calendar days, to advise the claimant which CWD will contact him/her.

The Standard Claim Form filing date (field M2 on the SOC 293 and field F2 on the SOC 311) will be the date postmarked on the envelope. If the claim is filed in person at the CWD, the date of filing will be the date received in the CWD office, and the

date stamped on the claim. If, however, the filing date cannot be determined as detailed above, the filing date will be the date the claim was signed. When a claim must be forwarded to another CWD for processing the first CWD's filing date will apply, see MPP 50-018.32(a), (b), (c), (d) and (e).

When the first CWD must forward a claim, in total, to a second CWD, use Reason Code M005 for provider claimants or M105 for recipient/applicant claimants if transferring to one CWD. If more than one CWD is identified, use Reason Codes M006 and M007 for provider claimants or M106 and M107 for recipient/applicant claimants. These four reason codes (M006, M007, M106 and M107) tells CMIPS that the claim being transferred to a second CWD will also remain in a pending application status in the first CWD.

Add the two digit CWD code to the end of the Reason Code when transferring a claim, partially or in total. The two digit CWD code will tell CMIPS which CWD contact person and telephone number to print in the NOA message and advises the claimant which CWD will contact him/her.

CLAIM PERIODS

The retroactive claim period is from April 1, 1979 through April 30, 1984 for nonspouse claimants and from April 1, 1979 through July 31, 1981 for spouse claimants. The underpayment claim period is from May 1, 1984 through August 31, 1985. The final filing date for Miller II and Miller I-Reopened claims is September 30, 1993.

ANY CLAIM WITH A FILING DATE AFTER 09-30-93 WILL BE DENIED.

Claim dates beyond the retroactive claim period will be processed as an underpayment claim. Claims eligible for underpayment consideration are only those claims where the eligibility for retroactive/interest payment extends through the end of the retroactive claim period, April 30, 1984. All non-spouse recipients/applicants and providers are eligible to file a claim for underpayments.

The CWD will determine eligibility/ineligibility and compute payment due within 45 days of the filing date or promptly after all necessary forms have been completed and received by the CWD. The CWD will input this information into CMIPS so that interest can be computed on approved cases and the computation returned to the CWD within five working days from the date of CWD input.

Spouse recipients/applicants and providers are not eligible to receive underpayments in Miller II. Spouse recipients/applicants and providers making a claim for underpayments in Miller II will have their underpayment claim denied, Reason Code M035 or M135. These spouse recipients/applicants and providers may be eligible for retroactive payments and/or underpayments under the WRO v. McMahon court case, and will receive a WRO Standard Claim Form with their Miller II denial notice - both Reason Codes M035 and M036 for providers or M135 and M136 for recipients must be used together.

ELIGIBILITY DETERMINATION WORKSHEET

The CWD will reviewed the Standard and/or Supplemental Claim Forms and determine eligibility/ineligibility by following the manual instructions on the Eligibility Determination Worksheets, Part I. Part 2 of the worksheet will then be entered into CMIPS on the Judgment Worksheet Screen(s). There is a Retroactive and Interest Payment Worksheet Screen (MIIW) and an Underpayment Worksheet Screen (MIIU). After the information is key entered on the worksheet screen(s), CMIPS will do the calculation to determine the amount of retroactive/interest payment, the amount of underpayment, if applicable and generate a printout that will print at CWDs' print sites. The printout will include:

- o a month by month breakdown of hours claimed
- o amount claimed
- o the difference between the amount claimed and the amount originally authorized
- o amount of past due wages
- o amount of interest to be paid

An example of Part II of the Eligibility Determination Worksheet is attached. CWD staff will be required to complete and enter into CMIPS:

- o Column 1 - Month/Year Claimed: Enter MM YY;
- o Column 2 - Class Eligible: Yes/No: Enter Y or N;
- o Column 3 - Hours Claimed: Enter the hours claimed to the nearest tenth;

- o Column 5 - Amount Originally Authorized: Enter the dollar amount originally authorized, for the period claimed (from the case record); and,
- o Column 7 - NSI/SI: Enter the code that indicates whether the recipient/applicant was or would have been classified as non-severely impaired (N) or severely impaired (S).

CWD staff will review the Worksheet printout for accuracy, then enter a CWD authorization number and NOA code(s) on the bottom of the Worksheet. That information can also then be entered on the MIIW and/or MIIU CMIPS screens which will then generate three copies of the Worksheet, a NOA and warrant(s), when applicable.

The original printout and a copy of the second printout shall be filed in the Recipient/Applicant Case Record file and two copies attached to the appropriate NOA when it is mailed to the claimant.

WARRANT(S)

Two warrants will be issued for each approved retroactive claim and one warrant will be issued for each approved underpayment claim:

- Retro- One warrant will include retroactive wages and the second will include any prejudgment interest due. The warrant stub will reflect the employee taxes withheld, if any; and,
- Under- One warrant will include underpayment wages due which are not subject to interest. The warrant stub will reflect the employee taxes withheld, if any.

A statement on the bottom of the NOA will advise the claimant:

"The amount of money you receive as a result of this claim may affect your tax liability and/or continuing eligibility for certain programs including, but not limited to: In-Home Supportive Services (IHSS), Aid to Families with Dependent Children (AFDC), Medi-Cal, Food Stamps (FS), Supplemental Security Income and State Supplementary Program (SSI/SSP) and Veterans Benefits."

This statement is made because some claimants may receive lump sums great enough to exceed the exempt resource levels of a program for which they currently qualify. The Miller II regulations states that lump sums will be disregarded as income/resources for the month received and for the month after received as applied to State programs.

To avoid causing ineligibility because claimants do not have adequate time to dispose of those lump sums, Miller v. Woods warrants will be mailed to be received by the claimants before the tenth day of the month.

- o Authorizations for warrants entered by the fifth of the month will meet the mailing criteria.
- o Otherwise, authorizations for warrants will be held on a special CMIPS tape until the fifth of the following month.
- o The intent is to provide at least six to seven weeks for the claimants to make a reasonable decision about how they wish to dispose of the funds they received.

THE IHSS WORKERS DO NOT HAVE THE RESPONSIBILITY TO EXPLAIN HOW LUMP SUMS MAY IMPACT ELIGIBILITY FOR OTHER PROGRAMS. ADVISE THE CLAIMANT TO CONTACT THE PROPER PROGRAM REPRESENTATIVE FOR CORRECT PROGRAM INFORMATION.

VOID/STOP PAYMENTS

A void/stop payment on a Miller v. Woods warrant is initiated by CWDs at the request of the payee. All requests for void/stop payments must be sent from the CWD to the:

State Department of Social Services
Adult Services Branch
744 P Street, MS 6-500
Sacramento, CA 95814
ATTN: Wayman Hindsman

The CWD's request for a void/stop payment must be in writing, have the warrant(s) attached to the request, identify the reason(s) for the stop payment, include the payees name, address, case number, warrant number(s) and state whether a replacement warrant is required. Reasons for placing a void/stop payment on a warrant are incorrect amount, incorrect payee and payee ineligible.

A void/stop payment request will only be processed if the warrant(s) is attached to the CWD's request. If the warrant is not attached to the request, the request will be returned to the CWD unprocessed. The CWD should also draw a line through the warrant and write "VOID" across it.

CWDs will not have the ability to place a stop payment on any Miller warrants, except as mentioned above. The V/R and WAR NUM fields on the MIIW and MIIU screens are accessible to EDS staff only. CWD's request for a void/stop payment will be forwarded from SDSS to EDS who will enter the transaction in CMIPS; the MIIW screen for either retroactive or prejudgment interest warrants and on the MIIU screen for underpayment warrants.

Approximately two days later the State Treasurer's Office will place a void/stop payment on the warrant. The day after EDS enters the transaction for the void/stop payment they will enter the transaction that will generate a replacement warrant (only one warrant request a day).

REPLACEMENT WARRANTS

SDSS will contact the appropriate CWD if any Miller warrants are returned as undeliverable and after the money is redeposited into the IHSS account. To issue a replacement warrant for a warrant that has been redeposited in to the IHSS account, CWDs will have to correct the address on the MIIR or MIIP screen and submit a written request to SDSS. The written request must identify the reason for the replacement warrant(s), the payee's name, address, case number, warrant number and remailing address. Once SDSS is assured that the funds are available and have received a request for a replacement warrant from the CWD, they will submit a request to EDS to issue a replacement warrant for the redeposited warrant. Redeposited warrants will only be replaced if the above procedures are closely followed.

- o Authorizations for replacement warrants entered by the fifth of the month will meet the mailing criteria, to be received by the claimants before the tenth day of the month.
- o Otherwise, authorizations for replacement warrants will be held on a special CMIPS tape until the fifth of the following month.

CWDs will not have the ability to replace any Miller warrants, except as mentioned above. The V/R and WAR NUM fields on the MIIW and MIIU screens are accessible to EDS staff only. CWD's request for a replacement warrant will be forwarded from SDSS to EDS who will enter the transaction in CMIPS.

DUPLICATE WARRANTS

A duplicate warrant is a warrant issued for a warrant that has been lost, stolen or never received by the payee. Any Miller warrants that meet this criteria will be handled in the same way as a replacement warrant. That is, a CWD's request for a duplicate warrant must be in writing, sent to SDSS at the address above, identify the reason for the duplicate warrant, payee's name, address, case number, the original warrant number and the amount of the warrant.

If the written request is not complete SDSS will return the request to the CWD for completion. Duplicate warrants will be issued and mailed, to be received by the claimants, before the tenth day of the month.

- o Authorizations for duplicate warrants entered by the fifth of the month will meet the mailing criteria.
- o Otherwise, authorizations for warrants will be held on a special CMIPS tape until the fifth of the following month.

CWDs will not have the ability to request a duplicate Miller warrant, except as mentioned above. The V/R and WAR NUM fields on the MIIW and MIIU screens are accessible to EDS staff only. CWD's request for a duplicate warrant will be forwarded from SDSS to EDS who will enter the transaction in CMIPS.

CWDs WILL NOT USE THE SOC 312 TRANSACTION TO VOID/STOP PAYMENT, REPLACE OR DUPLICATE ANY MILLER WARRANTS.

If the original warrant is cashed before a stop payment can be placed on the warrant, the duplicate warrant process will be stopped and the warrant will not be duplicated. If the claimant denies cashing the warrant, request a photocopy of the warrant and have him/her review the signature on the photocopy. If the claimant still denies cashing the warrant, begin the forgery process.

FORGERIES

Warrants alleged to be forged will follow the forgery procedures currently in the CMIPS User's Manual. CWDs will submit a completed forgery affidavit package to:

Electronic Data Systems
Attention: IHSS Payroll Clerk
P. O. Box 700
Rancho Cordova, CA 95741-0700

A complete forgery affidavit package (one for each warrant) will include: a photocopy of the forged warrant (front and back); a statement in the payee's own handwriting, after reviewing the signature on the warrant photocopy; and, three completed Forged Endorsement Affidavit forms. A completed Forged Endorsement Affidavit must include the payee's and two witness' signatures (or notarized - first page only) in ink on all three pages of the affidavit.

If the Forgery Endorsement Affidavit or the affidavit package is not complete, EDS will return the package to the CWD to complete. It is recommended that the payee be cautioned that it can take from 90 to 120 days to complete the processing of the forgery affidavit.

Use the PAY 963 form to request photocopies of Miller warrants. To request certified photocopies or original warrants, a type-written request stating why and when you need them must be attached to a completed PAY 963 and sent to EDS at the address above.

CROSS REFERENCE SCREEN

The Judgment Cross Reference Screen (JXRF), accessible through either a name or social security number, will identify:

The claimant's name, social security number, address, telephone number, recipient and/or provider name(s), social security number(s), case number, whether the claimant submitted a claim in Miller I, Miller II, WRO or any future court case and whether the claimant received an underpayment (code 09) from Miller I.

Every CWD will have access to the JXRF information statewide without having to enter a special password. The JXRF information will help CWDs to avoid double case numbers, double payments and/or over payments. You will receive the field-by-field description and a copy of the screen during training.

Any claimant who received payment under the Miller I judgment will only receive an eligibility determination for underpayments. CWD must access the JXRF screen to identify these claimants and to use that information to determine eligibility for additional payment.

Prior to entering the SOC 293/311 information on the MIIR/MIIP screens the CWD should check the JXRF information for a name or social security number match. If the claimant and the recipient is listed the CWD will use the recipient name and case number from the JXRF screen. If the claimant is not listed or there is no opened or discontinued case record file the CWD must establish a new case number and case record file.

EDITS

On-line edits for all four judgment screens (MIIR, MIIP, MIIW and MIIU) will be distributed during the Miller v. Woods and WRO v. McMahon training sessions. On-line edits, or error messages, will be listed alphabetically and as they appear on the judgment screens followed by a brief explanation.

On the MIIP screen, SOC 311 Field E2 'Rel of Prov' is a required field. When attempting to enter that data on the MIIP screen you may receive an edit message that reads:

"Required field; enter on PELG"

If you are entering Miller data on a currently active case, information has "copied over" from the Provider Eligibility File where Field E2 is an optional field. To key the relationship of the provider, it is necessary to exit the MIIP screen, enter the PELG screen and key the relationship of the provider in Field E2, exit the PELG screen and return to the MIIP screen to continue to enter the Miller data.

The final filing date for Miller claims for payment is 09-30-93. An on-line edit will become effective 10-01-93 that will prohibit payments on late claims.

- o MIIR - "Claim DT > 09-30-93, enter NOA M157"
- o MIIP - "Claim DT > 09-30-93, enter NOA M057"

REGARDLESS OF THE CLAIM DATE, PROPERLY PROCESS ALL CLAIMS AND DO NOT DESTROY ANY CLAIM FILED AFTER THE FINAL FILING DATE.

Please carefully review the entire ACL package, including the field-by-field descriptions for additional edits.

NOTICE OF ACTION (NOA)

A NOA (see attached messages and Reason Codes) must be sent to each claimant whenever:

- o a claim is approved
- o a claim is denied
- o a document is returned to the claimant requesting that the document be completed and returned
- o a document is returned identifying contradictions with the information submitted by the claimant.

Provider NOA Reason Codes are numbered M001 through M060, M080, M081, M090 and M091. Specific NOA messages have been designed for claimant action. The purpose of each message is identified.

- o NOA message M008 is to be used in tandem with any adverse action NOA message (M009 through M027) when a CWD has contradictory information in its possession.
- o NOA message M028 is to be used in tandem with any final NOA message (M029 through M060).

All provider NOA Reason Codes are to be written on the SOC 311 in Field F8, G8 and H8. Enter more than one code for each field, if necessary. To generate the NOA, a Reason Code must be key entered on either the MIIP, MIIW or MIIU screens. If a NOA Reason Code has been key entered on the MIIP screen an on-line edit will not allow a NOA Reason Code to be key entered on either the MIIW or MIIU screens in the same day.

Recipient/Applicant NOA Reason Codes are numbered M101 through M160, M180, M181, M190 and M191. The purpose of each message is identified.

- o NOA message M108 is to be used in tandem with any adverse action NOA message (M109 through M127) when a CWD has contradictory information in its possession.
- o NOA message M128 is to be used in tandem with any final NOA message (M129 through M160).

All recipient/applicant NOA Reason Codes are to be written on the SOC 293 in field ZZ2. To generate the NOA, a Reason Code must be key entered on either the MIIR, MIIW or MIIU screens. If a NOA Reason Code has been key entered on the MIIR screen an on-line edit will not allow a NOA Reason Code to be key entered on either the MIIW or MIIU screens in the same day.

NOAs will be automated and some claim dates will be "plugged" in message blanks. CWD staff will be responsible for filling in other information and, when necessary, adding information to the NOA message (Reason Codes M025 through M027, M054 through M056, M059, M060 and M081 for providers; M125 through M127, M154 through M156, M159, M160 and M181 for recipients/applicants).

- o Remember to fill in the NOA Date when mailing when mailing the form NA 690M (2/93) to the claimant.
- o Remember to attach two copies of the worksheet printout to the appropriate NOA before mailing.

While attempting to key enter NOA Reason Codes on any of the judgment screens you may get the message:

"Invalid manual NOA code."

This means you have tried to key enter a NOA Reason Code on the wrong screen.

The following are listings of all the codes and their applicable screen(s):

MIIP: M001 - M060	MIIR: M101 - M160
M090 (EDS only)	M190 (EDS only)

If separate Retroactive payment and Underpayment claims are submitted, then depending on the code (R or U) key entered in the "RETRO/UNDER" field will determine which Reason Code is valid.
